

There's a new Byres Road coming...

Funding of £9m has been allocated through the Glasgow City Region Deal to make Byres Road better for people.

This means improvements for walking, cycling, air and noise pollution, business and community activity. And there will be still be room for buses, cars and delivery vehicles.

Consultation and design work are starting now. Construction will take place from autumn 2018. Yes, it really will happen!

Come and find out more at our public launch workshop:

**Thursday 23rd February @ 7pm
Partick Burgh Hall, G11 5LW**
