

**THE GLASGOW CITY COUNCIL  
(ROBROYSTON STATION)  
TRAFFIC REGULATION ORDER 201\_**

**Report**

The Council proposes to provide no waiting and no loading at any time restrictions on the following roads:

- Saughs Avenue under the M80.
- New Station Road (new construction for access to the station car park).
- Bogside Road (new construction from Station Road to railway bridge).
- Station Road to tie into Bogside Road.
- Millersneuk Crescent to protect junctions.

The measures are proposed to promote and encourage sustainable transport and provide alternative travel options to reduce the reliance on private cars. The restrictions will protect access roads and the local community from obstructive parking and improve pedestrian and road safety. Commuter parking will be provided at designated station car parks and the measures proposed will protect the roads in the vicinity of the new station from potential overspill.
