

## Hillhead

### (Traffic Management and Parking Controls) Order 20\_\_

Glasgow City Council proposes to consider the introduction of the above named Traffic Regulation Order in terms of the Road Traffic Regulation Act 1984.

The proposal will introduce a shared-use parking control scheme in the Hillhead area as the existing parking zone does not make best use of the on-road parking spaces. It is currently obstructive for visitors to residential and business properties in the area and currently only allows one resident parking permit per household.

The other main change in this proposal is to enhance pedestrian safety on Ashton Lane and Great George Lane by pedestrianizing this area with service access limited to specific times and controlled by drop-bollards. Residential access to the rear of Ashton Road will be maintained. Cresswell Lane will remain pedestrianised.

#### AREA AFFECTED BY THE PROPOSED ORDER

The roads affected by these proposals are generally bounded by:

Great Western Road to the north, Byres Road to the west, University Avenue to the south and the River Kelvin to the east.
