Project Look Ahead

- The existing traffic management on University Avenue will be in place until May. Once this phase is complete the works and traffic management will relocate along University Avenue, outside the Wellington Church.
- The final landscaping works outside the Boyd Orr Building will finish in April with a combination of grass and paving.
- Hard and soft landscaping works to the new Western Campus are ongoing with new pedestrian routes into the campus, benches and trees being installed.
- Pedestrian access through University Place East to University Avenue remains closed with a diversion through in operation through the Biomedical Building footpath.
- Internal works to the Advanced Research Centre will continue with mechanical & electrical works, partitions, glazed screens and floor installation ongoing.
