

**North Woodside Road**  
CONSULTATION

# North Woodside Road

## CONSULTATION

Glasgow City Council in partnership with Sustrans are proposing to create a safer, more attractive, and more enjoyable public realm space on North Woodside Road at Great Western Road junction.

The focus of the project is to create a safer place for local people that improves access for pedestrians, active travel and mobility impaired users to move through this busy area.

Proposals include redesigning the space to remove the carriageway and create a level surface using natural stone materials, with improved lighting, green space and seating.

The project is part of the current 'Connecting Woodside' project which is providing improvements to active travel and public realm in the neighbourhood.

### Online Consultation from 17 April to 29 May 2023
